

Excellence for God's Glory

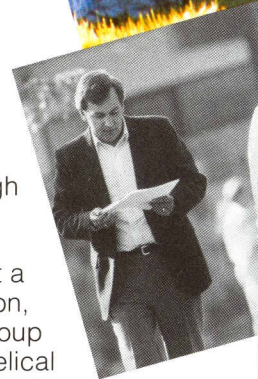

From its founding to the present, Trinity Western University has stood as a testimony to what God's people can accomplish when they depend upon Him in faith

Humanly-insurmountable challenges conquered through God's provision— that's the story of Trinity Western.

In 1958, Trinity Western was just a vision. But it was a God-given vision, focused in the hearts of a small group of Canadian and American evangelical leaders. These men believed deeply in the need for a Christian liberal arts education in Canada.

Today, Trinity Western is an accredited Christian university, internationally recognized for quality education, spiritual vitality and the competence of its alumni.

Trinity Western University, a member of the Association of Universities and Colleges of Canada, offers 20 majors with instruction in 31 academic disciplines.

There are pre-professional programs in medicine, dentistry and law, and Biblical studies and pre-seminary programs to equip students who want to pursue graduate training for church service.

1986 will mark the University's 25th anniversary: a major milestone, and an opportune time to thank God for what He has done in the past— and to commit ourselves to do whatever He asks for the future.
